## Year in Review!

Our community's own *Little Free Garden* continued to flourish until the end of the season. The amazing organizer Avril, along with assistance from local community members, ensured that the garden was a welcoming, sustainable refuge in the heart of Preston!

We look forward to seeing it bloom again next spring!

Our inaugural and very successful *Community Cuts* program, saw us provide complimentary back to school haircuts to many of our youngest community members...all while supporting some fantastic local stylists!

We were thrilled to be able to run successful *Rec and STEAM Programs* during both the summer & fall seasons. Look for updates about our winter programming coming soon!

Some amazing giveaway contests happened this year, including our Pumpkin Carving Contest and Holiday Basket Raffle. We are so grateful for the continued support of our local business partners!

22

Did you come out to see us at the *Mobile Market* at 350 Linden? We tried to be there almost every week (weather dependent!), to chat, share our happenings, and connect with some amazing community members

“ Kindness is  
a gift everyone can  
afford to give.”

### Get to Know Our Placement Students!

Hello! My name is Anjana, and I'm currently studying in the Social Service Worker program at Conestoga college. I have been volunteering at Preston Heights Community Group since September and have been engaged in several activities. One of my favourite things to do at PHCG is creating posters and flyers because the staff gives us the freedom to be as creative as we want! In the future, I'm hoping to work with immigrants and hopefully with newcomers, because of my own experience in Canada.

Hi! My name is Jess and I am in my second and final year of the Social Service Worker program at Conestoga College. I am completing my second-year work placement here at Preston Heights Community Group and it has been a great opportunity to learn more about working in the community service field! In the future, I am hoping to attend the University of Waterloo and continue my education so that I can eventually work in the community service field. I am excited to keep working with PHCG for the rest of my school year and to continue learning about how I can be of assistance to my community!

### Happy New Year From Preston Heights Community Group! See you soon in 2022!

We respectfully acknowledge that we are on the traditional territory of the Anishnawbe, Haudenosaunee and Neutral peoples. Cambridge is situated on the Haldimand Tract, land that was granted to the Six Nations of the Grand River.
